**Re: In the Matter of USTelecom for Forbearance Pursuant to  
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I am a costomer of sonic.net, a small northern california ISP that uses unbundled copper and inter-city fiber transport elements (UNEs) to compete in the residential marketplace. Sonic provides a great product, I was DSL constomer before and recently got upgraded to fiber. Their prices are lower than the only large ISP in my area (comcast) for a far better service.
